List of abbreviations and acronyms.....	xiii
1. Introduction, scope, implementation and definitions.....	1
1.1. Introduction.....	1
1.1.1. General overview of the port industry.....	1
1.1.2. Reasons for revision.....	1
1.2. Scope.....	2
1.3. Implementation.....	3
1.4. Definitions.....	3
2. General provisions.....	6
2.1. Responsibilities.....	6
2.1.1. General requirements.....	6
2.1.2. Competent authorities.....	6
2.1.3. Port authorities and port employers.....	6
2.1.4. Contractors and labour or service providers.....	7
2.1.5. Ships' officers.....	7
2.1.6. Management.....	8
2.1.7. Supervisors.....	8
2.1.8. Employees.....	8
2.1.9. Self-employed persons.....	9
2.1.10. Safety and health advisers.....	9
2.1.11. Other persons at work.....	10
2.1.12. Passengers and other non-workers.....	10
2.2. Management of safety and health.....	10
2.2.1. General requirements.....	10
2.2.2. Risk assessment systems.....	10
2.2.3. Safety and health management systems.....	12
2.3. Safe systems of work.....	12
2.4. Organization.....	13
2.4.1. Organization for safety and health in ports.....	13
2.4.2. Safety committees.....	14
2.4.3. Safety representatives.....	14
2.5. Reporting and investigation of accidents.....	15
2.5.1. In-house reporting of accidents.....	15
2.5.2. Statutory reporting of accidents.....	15
2.5.3. Investigation of accidents.....	15
2.6. Selection and training.....	16
2.6.1. Selection of portworkers.....	16
2.6.2. Training needs.....	17
2.6.3. Induction training.....	17

2.6.4.	Job-specific training	17
2.6.5.	Training methods.....	18
2.6.6.	Evaluation of training.....	18
2.7.	Information for portworkers	18
3.	Port infrastructure, plant and equipment.....	19
3.1.	General provisions	19
3.1.1.	Separation of people and vehicles	19
3.1.2.	Surfaces	19
3.1.3.	Lighting	19
3.1.4.	Fire precautions	21
3.1.4.1.	General requirements.....	21
3.1.4.2.	Fire protection	21
3.1.4.3.	Fire alarms.....	21
3.1.4.4.	Fire-fighting equipment.....	22
3.1.5.	Means of escape in case of fire.....	23
3.2.	Traffic routes.....	23
3.2.1.	Roadways	23
3.2.2.	Walkways	24
3.2.3.	Other matters	24
3.3.	Cargo-handling areas	25
3.3.1.	Layout.....	25
3.3.2.	Edge protection.....	25
3.3.3.	Quay edges	25
3.3.4.	Fencing.....	26
3.3.5.	Quayside ladders	26
3.3.6.	Life-saving equipment.....	27
3.4.	Shore-side provision of access to ships	28
3.4.1.	General requirements.....	28
3.4.2.	Shore ramps and passenger walkways.....	28
3.4.3.	Landing stages.....	29
3.4.4.	Steps and stairways.....	29
3.4.5.	Quayside ladders	30
3.5.	Access to terminal buildings, structures and plant.....	30
3.5.1.	General requirements.....	30
3.5.2.	Stairways and steps.....	30
3.5.3.	Fixed ladders and walkways.....	30
3.5.4.	Portable ladders	32
3.5.5.	Rope ladders	33
3.5.6.	Lifts	33
3.6.	Terminal plant and equipment	33
3.6.1.	General requirements.....	33
3.6.2.	Mobile equipment.....	34

3.6.2.1. Internal movement vehicles.....	34
3.6.2.2. Visual display screens in vehicles	34
3.6.2.3. Skeletal trailers	35
3.6.2.4. Trestles	35
3.6.2.5. Goosenecks.....	35
3.6.2.6. Roll trailers and cassettes	36
3.6.2.7. Hand trucks and trolleys.....	36
3.6.2.8. Cargo platforms.....	36
3.6.2.9. Lashing cages	37
3.6.3. Conveyors.....	38
3.6.4. Electrical equipment.....	39
3.6.5. Hand tools.....	39
3.6.6. Machinery.....	39
3.6.7. Mooring dolphins and bollards.....	40
3.6.8. Vehicle sheeting facilities.....	40
3.6.9. Other equipment	40
3.7. Bulk cargo terminals.....	41
3.7.1. Bulk solids	41
3.7.2. Bulk liquids and gases	41
3.8. Container terminals.....	42
3.8.1. Definitions	42
3.8.2. General requirements	42
3.8.3. Segregation.....	43
3.8.4. Reception facilities	43
3.8.5. Control rooms.....	44
3.8.6. Grids	44
3.9. Passenger terminals.....	44
3.10. Roll-on-roll-off (ro-ro) terminals.....	45
3.11. Warehouses and transit sheds	45
3.12. Gatehouses and quay offices.....	47
3.12.1. Gatehouses.....	47
3.12.2. Quay offices	47
3.13. Port railways	47
3.14. Tenders and work boats	48
3.15. Personal protective equipment.....	49
3.15.1. General requirements	49
3.15.2. Storage and maintenance of personal protective equipment	50
4. Lifting appliances and loose gear.....	51
4.1. Basic requirements.....	51
4.1.1. General requirements	51
4.1.2. Brakes.....	51
4.1.3. Electrical supply	52

4.1.4.	Safe working load (SWL).....	52
4.1.5.	Controls	53
4.1.6.	Limiting devices	53
4.1.7.	Lubrication	54
4.1.8.	Operator's cab	54
4.1.9.	Overhauling weight	55
4.1.10.	Swivels	55
4.1.11.	Tyres.....	55
4.1.12.	Access.....	55
4.1.13.	Winch and rope drums, leads and anchorages.....	55
4.1.14.	Maintenance	56
4.2.	Testing, thorough examination, marking and inspection of lifting appliances and loose gear	56
4.2.1.	Introduction	56
4.2.2.	Testing of lifting appliances	56
4.2.3.	Testing of loose gear	57
4.2.4.	Thorough examination.....	57
4.2.5.	Test and examination reports, registers and certificates.....	58
4.2.6.	Marking	59
4.2.7.	Inspection	60
4.3.	Lifting appliances.....	61
4.3.1.	Ships' lifting appliances	61
4.3.2.	Shore cranes.....	62
4.3.3.	Lift trucks	64
4.4.	Loose gear.....	67
4.4.1.	General requirements.....	67
4.4.2.	Chains and chain slings	67
4.4.3.	Wire ropes and slings	67
4.4.4.	Fibre ropes and slings.....	69
4.4.5.	Blocks.....	71
4.4.6.	Other loose gear.....	73
4.5.	Lifting devices forming an integral part of a load	74
4.5.1.	General requirements.....	74
4.5.2.	Flexible intermediate bulk containers (FIBCs).....	74
4.5.3.	Pallets	75
5.	Safe use of lifting appliances and loose gear	76
5.1.	Basic requirements.....	76
5.1.1.	General requirements.....	76
5.1.2.	Planning and control of lifting operations	76
5.1.3.	Training	77
5.1.4.	Inspection	77
5.1.4.1.	General inspection requirements	77
5.1.4.2.	Daily checks	77

5.1.4.3.	Weekly checks.....	78
5.1.4.4.	Blocks.....	79
5.1.4.5.	Equipment not in regular use.....	79
5.1.5.	Weather conditions.....	80
5.2.	Lifting appliances	81
5.2.1.	General requirements	81
5.2.1.1.	Safe use	81
5.2.1.2.	Care and maintenance	82
5.2.2.	Ships' lifting appliances	83
5.2.2.1.	Ships' derricks.....	83
5.2.2.2.	Use of coupled derricks (union purchase).....	84
5.2.2.3.	Ships' cargo lifts.....	86
5.2.2.4.	Ships' mobile lifting appliances	86
5.2.2.5.	Cranes temporarily installed on ships.....	86
5.2.3.	Shore cranes	86
5.2.4.	Lift trucks	87
5.2.4.1.	General requirements	87
5.2.4.2.	Safe use	88
5.2.4.3.	Reach trucks	91
5.2.4.4.	Side-loading forklift trucks	91
5.2.4.5.	Batteries.....	92
5.2.4.6.	Pedestrian-controlled pallet trucks	92
5.2.5.	Other lifting appliances	93
5.2.6.	Use of more than one lifting appliance to lift a load	93
5.3.	Loose gear.....	94
5.3.1.	Safe working load.....	94
5.3.2.	Safe use.....	95
5.3.3.	Ropes and slings.....	99
5.3.3.1.	Use.....	99
5.3.3.2.	Storage and maintenance.....	100
5.3.3.3.	Removal from service	100
5.3.4.	Other loose gear.....	101
5.4.	Signallers	105
6.	Operations on shore	107
6.1.	General provisions	107
6.1.1.	General requirements	107
6.1.2.	Access arrangements	107
6.1.3.	Housekeeping and cleanliness.....	108
6.1.4.	Manual handling.....	109
6.1.5.	Cargo in transit	109
6.1.6.	Operational maintenance	110
6.1.7.	Hot work.....	110
6.1.8.	Use of personal protective equipment.....	111

6.2.	Cargo packaging	112
6.3.	Container operations	114
6.3.1.	Control of container operations	114
6.3.1.1.	General requirements.....	114
6.3.1.2.	Straddle carrier exchange operations.....	115
6.3.1.3.	RMG and RTG exchange operations.....	116
6.3.1.4.	Entry to stacking areas.....	117
6.3.1.5.	Emergency procedures	118
6.3.2.	Container-stacking areas	118
6.3.3.	Container handling	119
6.3.4.	Changing spreader frames	120
6.3.5.	Access to tops of containers	120
6.3.6.	Operations inside containers.....	121
6.3.6.1.	Opening containers.....	121
6.3.6.2.	Customs inspections	121
6.3.6.3.	Packing and stripping of containers and other cargo transport units..	121
6.3.6.4.	Cleaning of containers.....	122
6.3.7.	In-transit repairs to containers	123
6.4.	Conveyors	123
6.5.	Electrical equipment	124
6.6.	Forest products.....	124
6.6.1.	General requirements.....	124
6.6.2.	Storage.....	125
6.6.3.	Handling	126
6.7.	Gatehouses and reception buildings.....	127
6.8.	General cargo operations	127
6.9.	Machinery (general).....	128
6.10.	Mobile equipment (general).....	129
6.10.1.	General requirements.....	129
6.10.2.	Internal movement vehicles.....	129
6.10.3.	Trailer operations.....	130
6.10.4.	Trestles	130
6.10.5.	Goosenecks.....	131
6.10.6.	Roll trailers	131
6.10.7.	Cassettes	132
6.10.8.	Parking.....	133
6.10.9.	Refuelling	133
6.11.	Liquid bulk cargoes.....	134
6.12.	Logs	135
6.13.	Mooring operations.....	136
6.14.	Pallet handling	137
6.15.	Passenger terminals.....	138

6.16.	Rail operations	139
6.16.1.	General requirements	139
6.16.2.	Loading and unloading of rail wagons	140
6.16.3.	Moving rail wagons	141
6.17.	Roll-on-roll-off (ro-ro) operations	142
6.18.	Scrap metal	143
6.19.	Solid bulk cargoes	143
6.20.	Stacking and stowing of goods	145
6.21.	Steel and other metal products	146
6.21.1.	General requirements	146
6.21.2.	Storage	146
6.21.3.	Handling	147
6.22.	Trade vehicles	148
6.23.	Traffic control	149
6.24.	Warehouses and transit sheds	150
7.	Operations afloat	152
7.1.	General provisions	152
7.2.	Access to ships	153
7.2.1.	General requirements	153
7.2.2.	Accommodation ladders	154
7.2.3.	Gangways	154
7.2.4.	Portable ladders	155
7.2.5.	Rope ladders	155
7.2.6.	Bulwark steps	155
7.2.7.	Access to the decks of bulk carriers and other large ships	156
7.2.8.	Access to barges and other small ships	156
7.2.9.	Access to ro-ro ships	156
7.2.10.	Ship-to-ship access	157
7.2.11.	Access by water	157
7.3.	Access on board ships	157
7.3.1.	General requirements	157
7.3.2.	Access to holds	158
7.3.3.	Access to deck cargo	158
7.4.	Hatches	158
7.4.1.	Hatch coverings	158
7.4.2.	Handling hatch coverings	160
7.4.3.	Stacking and securing of hatch coverings	160
7.4.4.	Protection of hatches	161
7.5.	Work in holds	162
7.5.1.	General requirements	162
7.5.2.	Working practices	162

7.6.	Work on deck.....	165
7.6.1.	General requirements.....	165
7.6.2.	Lashing and securing of cargo.....	166
7.7.	Shot cargo	166
7.8.	Container ships	167
7.8.1.	General requirements.....	167
7.8.2.	Deck working	168
7.8.3.	Container top working.....	168
7.8.4.	Lifting containers.....	170
7.9.	Ro-ro ships.....	170
7.9.1.	General requirements.....	170
7.9.2.	Vehicle movements	171
7.9.3.	Passenger movements.....	172
7.9.4.	Vehicle lashing operations	172
7.9.5.	Cargo lifts.....	172
7.10.	Bulk carriers.....	173
8.	Dangerous goods.....	174
8.1.	Packaged dangerous goods	174
8.1.1.	General requirements.....	174
8.1.2.	International arrangements	174
8.1.3.	United Nations classification.....	174
8.1.4.	Additional legal requirements	174
8.2.	Solid bulk cargoes.....	175
8.3.	Bulk liquids and gases	176
8.4.	Operational precautions	176
8.4.1.	General requirements.....	176
8.4.2.	Training	176
8.4.3.	Control of entry and presence.....	177
8.4.4.	Notification of dangerous goods.....	177
8.4.5.	Checking the information	178
8.4.6.	Handling and stowage	179
8.4.7.	Emergency arrangements in the port area	179
8.4.8.	Special provisions.....	180
8.4.9.	Repair and maintenance work	180
9.	Health.....	181
9.1.	Health hazards.....	181
9.1.1.	General requirements.....	181
9.1.2.	Dangerous goods and fumigation.....	181
9.1.3.	Dusty cargoes	182
9.1.4.	Other cargoes.....	183
9.1.5.	Noise.....	183

9.1.6.	Fatigue	184
9.1.7.	Fumes	184
9.1.8.	Vibration.....	186
9.1.9.	Abnormal environments	186
9.1.10.	Other health aspects.....	186
9.2.	Confined spaces	187
9.2.1.	General requirements	187
9.2.2.	Hazards and precautions.....	187
9.3.	Occupational health services	188
9.3.1.	Purpose	188
9.3.2.	Medical centres.....	189
9.3.3.	Medical examinations and health screening	190
9.3.4.	First-aid personnel.....	191
9.3.5.	Personnel providing occupational health services.....	191
10.	Personnel welfare facilities	192
10.1.	General provisions	192
10.2.	Toilet facilities	192
10.3.	Washing facilities	193
10.4.	Clothing accommodation.....	194
10.5.	Drinking water	194
10.6.	Mess rooms and canteens	195
10.7.	Hiring halls and waiting rooms.....	196
11.	Emergency arrangements	197
11.1.	Emergency arrangements on shore and ship.....	197
11.1.1.	General requirements	197
11.1.2.	Injuries and ill health.....	197
11.1.3.	Rescue	197
11.1.4.	Property damage.....	198
11.1.5.	Fire	198
11.1.6.	Cargo spillage.....	199
11.1.7.	Falls into water	199
11.1.8.	Failure of services	200
11.1.9.	Severe weather and other natural hazards	200
11.1.10.	Major hazard installations	201
11.2.	Emergency planning	201
11.2.1.	General requirements	201
11.2.2.	Scope	202
11.2.3.	Responsibilities	202
11.2.4.	Liaison	202
11.2.5.	Emergency plans	203
11.2.5.1.	General requirements	203

11.2.5.2. Essential personnel	204
11.2.5.3. Roles	204
11.2.5.4. Emergency control centre	205
11.2.5.5. Publication, exercise and review	205
11.3. Emergency equipment	206
12. Other relevant safety matters	207
12.1. Environment	207
12.1.1. General requirements	207
12.1.2. Environmental management systems	207
12.1.3. Environmental aspects of port operations	208
12.1.4. Precautions	208
12.2. Security	208
